(a) Original image and its histogram

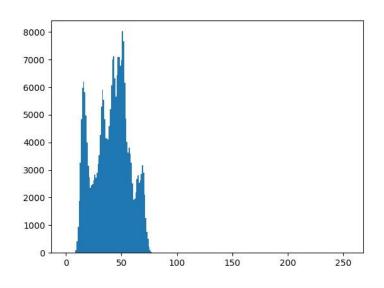

將圖片以矩陣讀取進來,統計每個數值的個數,接著使用 matplotlib 將長條圖畫出來,圖片如下

(b) Image of intensity divided by 3 and its histogram

將圖片以矩陣讀取進來,將每個 pixel 的值除以 3,再將每個數值的個數畫成長條圖,圖片分別如下

(c) Image after applying histogram equalization to (b) and its histogram 將矩陣讀進來,每個 pixel 除以 3,接著以 histogram equalization 的公式,將 0~255 的 Sk 分別算出來,再將圖片中對應到的 k 分別換成 Sk 的值,圖片結果分別如下
